Forecast for Tuesday 13 Jul 2021

Weather: It will be dry and mostly cloudy at first, with cloud covering the hilltops at times. It will continue dry into the morning, but with some showers developing from late morning. However these will be fairly isolated and many areas will stay dry throughout. There will be large amounts of low cloud which will lift and break during the afternoon to give sunny spells, especially later in the afternoon and evening.

Chance of cloud free mountain/hill tops above 600m: 20% at first, becoming 90% by late morning.

Visibility: Moderate to poor at first, with hills in the middle distance often obscured, and very poor in low cloud covering the hills with nearby landmarks obscured. Cloud bases 300-400m. Becoming good during the morning with views of distant hills, but temporary deteriorations in visibility during any showers.
